

CONFIDENTIAL

20 October 1950

MEMORANDUM FOR: Mr. [REDACTED]
104 North Bldg.

SUBJECT: Entry of TRD personnel into SIS

1. The Training Division of OSO/OPC is unable to spare any individuals to attend the abbreviated Strategic Intelligence School course starting 6 November 1950. However, we have several instructors in this Division who are teaching subjects directly related to several of the subjects being presented at the SIS. It is, therefore, felt desirable that arrangements be made for these personnel to attend such periods of instruction. A list is attached showing the names of the instructors, the subjects and the times and dates of the instruction which we would like them to participate in. It would be appreciated if arrangements could be made according to the attached schedule.

2. The attached attendance schedule is based on the tentative schedule for this course prepared by SIS. It is our understanding that it may be subject to change and therefore if general concurrence is obtained for these instructors to attend the subjects, TRD will coordinate directly.

3. The individuals named in the attached list have all been cleared for TOP SECRET material.
